In the ambit of the KA229 project "We grow digitally" 2018-11T02-KA229-04803T, the partners have organized an on line meeting on 16th October at 10:00 Italian time to discuss the difficulties they are facing at school during the pandemic and share their solidarity feelings. Students will present their schools "Digital magazine".  
The Polish school will also show to students the school, the decoration and the activities organized for last March mobility stopped for the pandemic.  
A Digital exhibition will be organized on the project website.

WHO WE ARE

Add Item

**Vittorio La Pinta I.C.**  
Federico II di Svevia  
Italy  
Hi, my name is Vittorio, I'm 14 years old. I live in Mascalucia, a small village near Catania. In my life I have played many sports but my favourites are football and basketball. I play the guitar and I like listening to rap music. My favourite food is pizza and I enjoy cooking sometimes.

**Aurora Di Mauro I.C.**  
Federico II di Svevia  
Italy  
Hi, I'm Aurora Di Mauro, I'm fourteen years old and I attend class 3 C of middle school. I like listening to music, watching Netflix and staying in company with my family and friends. I don't like doing sports because I'm a very lazy person. I am very happy to participate in this project because I would like to meet new people.

**HILARY SPAMPINATO I.C.**  
FEDERICO II DI SVEVIA  
ITALY  
Hello! My name is Hilary Spampinato, I'm almost 14 years old. I live in Italy, Sicily. I'm very happy to take part in this project because I love talking with other people from different countries and learning things about foreign languages and other cultures. I also love reading romantic books! My favourite is "The Notebook" written by Nicholas Sparks.

**Carlotta Di Maria I.C.**  
Federico II di Svevia  
Italy  
Hi, my name is Carlotta Di Maria, I am 13 years old and I like horses. I have practiced horse riding for 2 years and love it. I am very happy to take part in this project and I can't wait to start virtual meetings.

**Sofia Tավոլաւոց I.C.**  
Federico II di Svevia,  
Italy  
Hi! My name is Sofia, I'm 13 years old. I live in Sicily. I like playing video games and spending my time with my friends and playing volleyball with them. I love foreign languages.

**Giorgia Atanasio I.C.**  
Federico II di Svevia  
Italy  
Hi, my name is Giorgia Atanasio, I'm 13 years old. I attend the Federico II di Svevia middle school. I like talking with my friends and playing volleyball with them.

We Grow Digitally

Today digital skills take an important role in every aspect of the individual and social life of the citizens in a society which favours the diffusion of the critical and conscious use of ICT. Our students are "digital natives", so the school should try to amplify the potential inherent in everyone. Digital teaching offers teachers active teaching strategies, able to open all the learners to coding and robotics. Continuous digital education is the most effective way to make students active, critical and aware citizens, as well as more competitive subjects, in a society that makes ICT its founding pillars.

PREPARATION OF OUR SCHOOL DIGITAL MAGAZINE 2020 EDITION

WORK IN PROGRESS

First of all our Principal has officially communicated by the school site that all the teachers were kindly requested to let the students write and send pictures about all the activities of our school. The materials produced have been sent to the editor of the newspaper, Mrs L. Barbarossa, thanks to Edmodo platform, where a virtual class called Erasmus had been previously created. The layout has been done by inserting text boxes and pictures. After, during afternoon meetings, together with the editor and our R.E. and English teachers, we have chosen the colours, the headlines and the improvements of the pages. The very last page invites everybody to become reporters. Finally articles already revised have been published on the newspaper and they can be seen on the school site.

## Lectures for parents in SP1 Marki

On 23/24 February 2021, parent meetings were held remotely at our school. During these meetings, class teachers gave a lecture to parents on the safe use of the Internet. These lectures were the second element of the celebration of the World Safer Internet Day (09/02/21) organized in our school. They were aimed at drawing adults' attention to the dangers of their children's use of the Internet and ways to prevent them. The presentations displayed during the meetings were prepared by the most active participants of the project We grow digitally. Some of the information presented during the lecturers are presented below:

# COMPETITIONS AND MINI-TOURNAMENTS USING WEBTOOLS

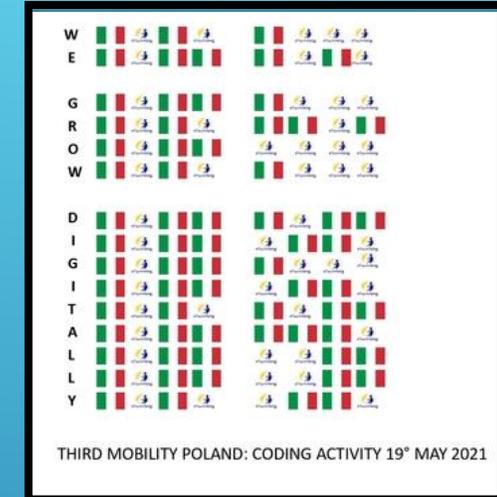

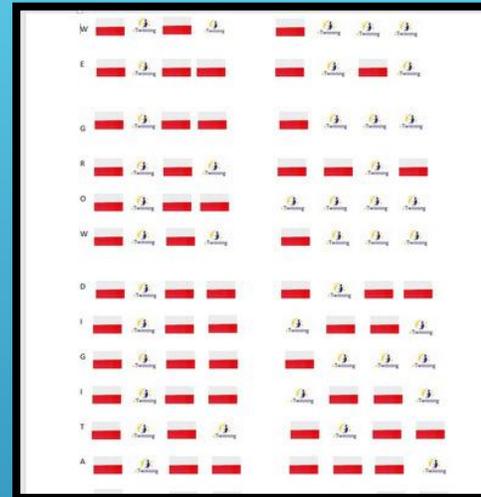

## Wednesday - Task 2 part 1

Open the file: Binary decoder key and analyse the alphabet coded with using of 8 squares. Every letter is made thanks to combination of 8 white and black squares put in the same line.

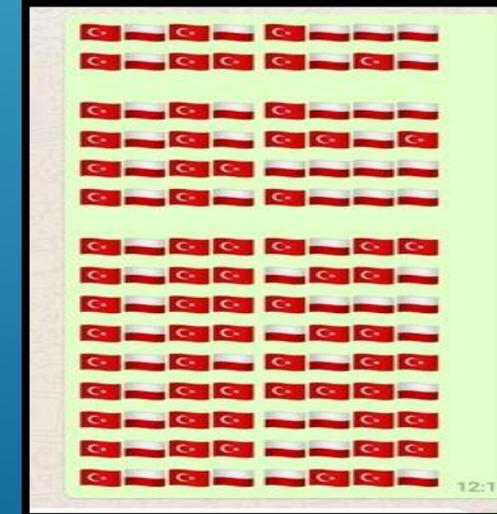

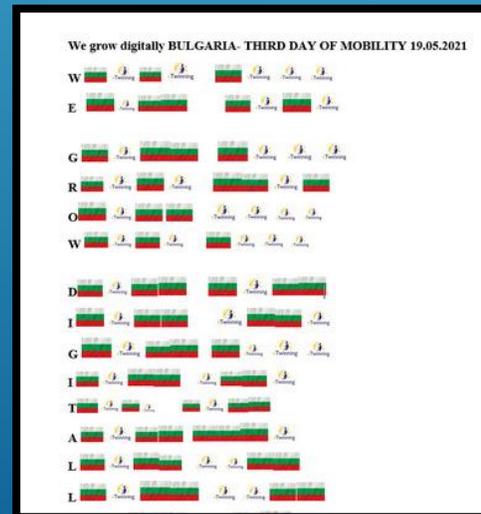

## Wednesday - Task 2 part 2

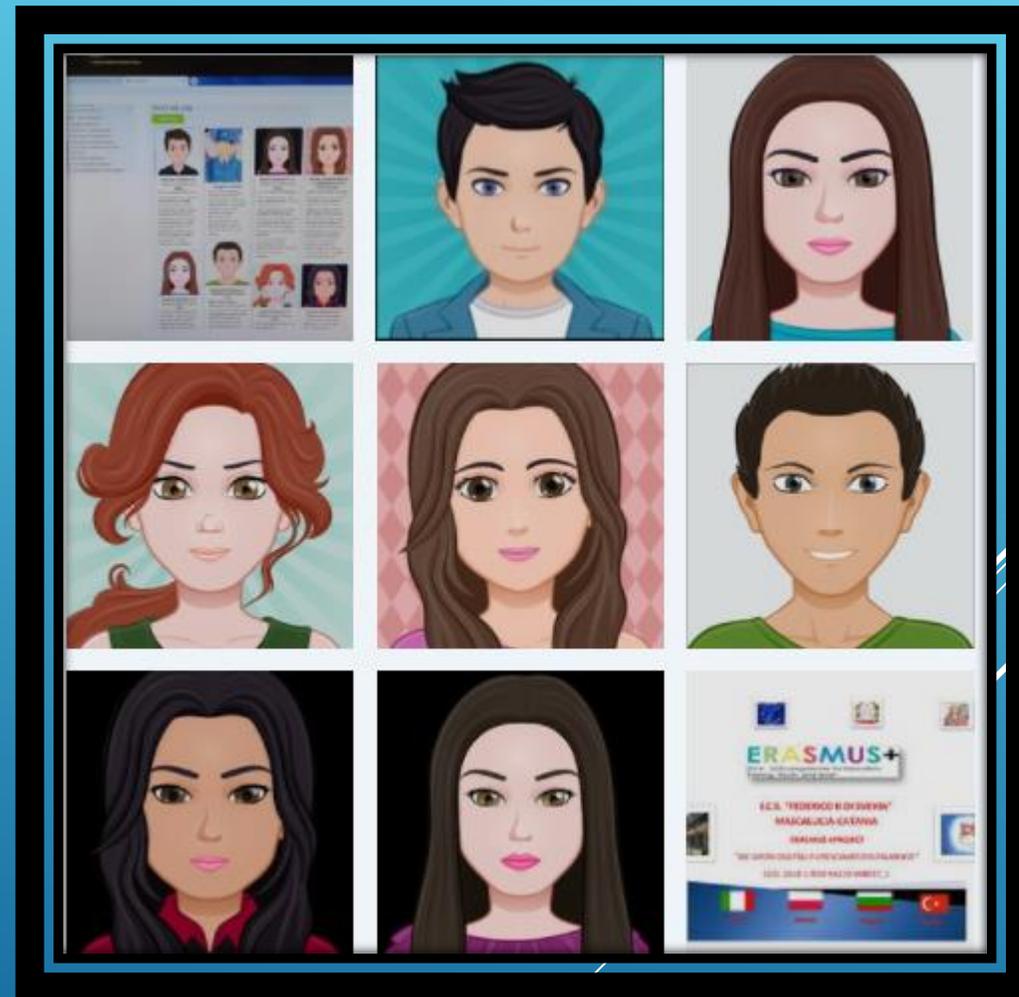

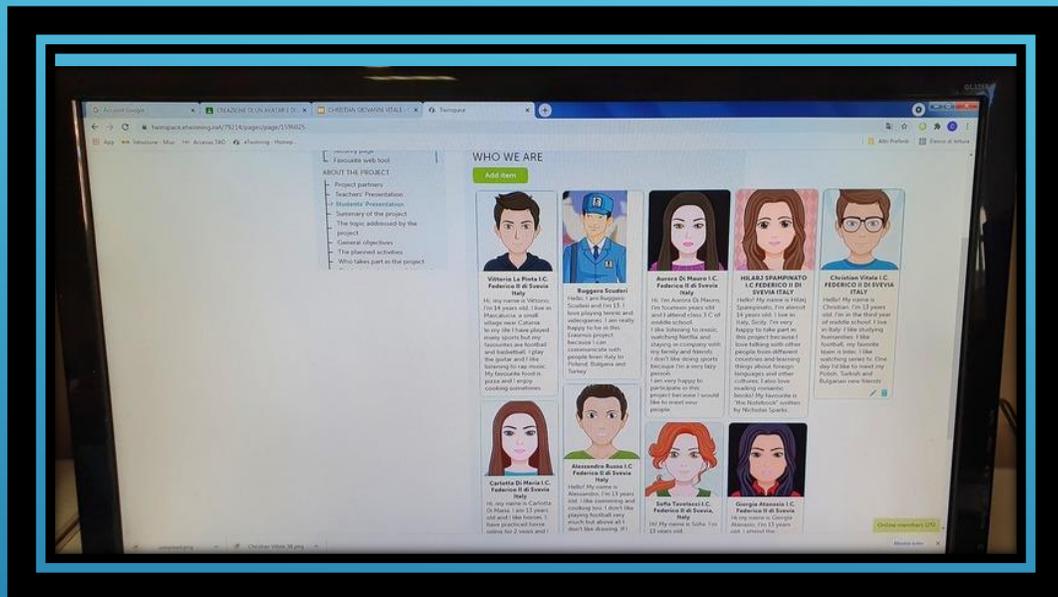

Coding competition  
Make your own coded alphabet using 8 squares just like in binary decoder key. Instead of black squares use your national flag, instead of white squares use one of the logo (erasmus logo, etwinning logo, NA logo, our project logo). Put the letter in correct order to make a password: WE GROW DIGITALLY. The example of coded word Poland you can see in a file, you can also see some useful pictures of flags and logos which you can use for creating your own alphabet. The result of your work upload into Materials - Files - Folder: Coding competition 19th May 2021
